THE PRESIDENCY

emas supposed that the rounceals color, Consequenty Lety through the free through a starting the second transfer that might taris in the continues to the second transfer through the second transfer transfer through the second transfer transfer through the second transfer tr n 1876 the control and itself colonige at might scarcader scale actually ote for each caudidate. The plan in all if all likely to be adopted. Indeed it tay be doubted whigther any change will yet carry it along till a time when the danger from the present system will reappear in all its

The question of succession to the preside tall office in the event of the removal by death or , ted. Yet existing conditions show that dent, the president pro term, of the seast spaceeds to the presidency in case of a recancy, but the offices of president of the senate and speaker of the house are not continuous ones. Between the adjournment of one cones, Between the adjournment of one cones, and the assembling of sportner described the recognized but they were the faults. (vacant. Chless a special session of forty-eighth congress shall be called these ions will be vacant between next March December, and there would be no man upon whom the executive power could legally tall in the event of the death of the present ant. It is really imperative upon the this office. It is a question which the rex. congress may find it difficult to actile. The of the forty highth congress will be reperiod over by the present session, to

Bear Admiral George H. Preble, of the Uni-al States pavy, in the current number of the Insted Service Lagarine, gives a detail of roperty in stemmenips of trans-Atlantic lines. The review coverage period of forty years trues.
1838 to 1879. The whole number of yeards on in these forty-years was 141, or an arouse. th 562 lives, the Pacific, Le Lyonnair and he Austria, 200, 460 and 583 respectively; the in 1860, w th 205 lives; the Carislian, sise of the Alten line; 1861, with 80 lives, 237 Breat the Cambris, of the Aucho 1870, losing 196 lives the nderis, of the Morgan line, which disapped in 1872, with 45 souls; the Atlant c, of is weare overcoon, which was wreeked in 1873, and \$48 libes lead; the Yille du-Hayre in the same year, with 250 lives; the Schiller, of the Engle Man, wrenked in 1875, losing 200 title! responsible for crurs, unless the dis Lloyds, in 1875, with 157 lives, and the Pomerania, of the Famburg-American Packet company, in 1878, \$145 50 lives. Ninotoen vaniela Majesty, 1854; the Tempest, 1857; the Rechid, Church, 1872; the Shannon, 1872; the Charro-

generally believed that the Curard line en exprises? has never doet a ship or a passenger. This report shows that the line has in fact tost two port shows that the line has in fact tost two which two railway magnales, one at Boston and the Office had ship to the first accident one life was only in 1872. En the first accident one life was other by the phone. Their distance is \$500 for skip the first accident one life was to the other by the phone. The distance is \$500 for skip the first accident one life was the first accident er lostic ship or a passenger. This re. Arrangements were made the other day by givon at 5 wassels; the Williams & Guion, 6; the Montreal Allen line), 7; the Anchor line, 8 North Serman Lloyds, 4; Cammarnie Gen-8, North German Lloyds, 4; Campagnie Cenerale Transallantique, 5; White Star 1; Wilson, 1; Hamburg-American Packet company, son, 1; Hamburg-American Facket company, 1; Antweep Bue, 1; and State line, 1. The National line is the only one nut cred ted with the less of a pessel or a life. More han half the vessels lost are said to have been weeked close to the above. Twenty-four are reported close to the acore. I wents not a sea; 8 were such by collisions and attens of weather. I is probable that the streperted missing, or most of them, were less by collisions with icelers.

BEDUCED POSTAGE.

There is satisfactory assurance o prompt milions.

There is satisfactory assurance o prompt legislation to secure reduction of letter postage to two beauts. The house committee on postomess and postenads has unanimously stay. agreed to it, and the president's carnest advocacy of the measure, joined with the recom-mendation of the phetma ter general and the force of pulsec opinion can scarcely !ail to induce the necessary congressional action There is shother thing. Postage on news

papers sent from offices of publication ought to be abolished. The charge is a high one and it pays a heavy profit to the department. Last year twenty-eight leading papers of the contry paid over a quarter of a million stillars. postage, varying according to their circulation and through the mails. Though paid by the messpapers, this postage is simply a fat on their residency and since the postal survices decrease in their residency and since the postal survices decrease not exist to make money for the gotoline of the control of postage, varying according to their circulation sent through the mails. Though paid by the

to the speaker or and tonise of Expressional class trad-teronomoulded that postage on second class trad-ter be shollehed, and a lift to carry they rea-omnould again into effect introduced by Townshead of Illians is now pending, which it is believed will pass if the acception of he m base of congress be do need to the market of a people spinite timough tempores and elicitaries Some values have been suit by dismonths to the seast greently whiches would winder the party would do fire early.
